Ensuring the highest levels of safety in our schools

A Message from the Superintendent

Chinook's Edge has an outstanding record of meeting safety standards in our schools, and our annual safety audit shows our division's steadfast commitment. Our staff and students are mindful of maintaining the detailed safety protocols that are embedded in our division culture. This means that, while we continue to deal with the ebb and flow that the pandemic has required of us, our attention to our safety program is strong.

We are very grateful to everyone in our school communities for working to maintain our high standards of safety. We strive for optimum safety levels throughout our division because we care about the people in our buildings – our students, staff, parents, volunteers and guests – and this priority ensures everyone continues to thrive in our safe and caring schools.

Kurt Sacher
Superintendent
